COURSE LIST

ACROSS THE CONTINUUM OF CARE

- ACLS: Advanced Cardiac Life Support Provider Handbook (AMCA) – 1 CE
- BLS: Basic Life Support Provider Handbook (AMCA) – 1 CE
- CPR, AED & First Aid Provider Handbook (AMCA) – 1 CE
- PALS: Pediatric Advanced Life Support Provider Handbook (AMCA) – 1 CE

RN

- Communications: Nurse-Patient Relationships (ANCC) – 2 CE
- Communications: Peer Relationships (ANCC) – 2 CE
- Culturally Competent Care: An Overview – 1 CE
- Understanding Diabetes - for Nurses – 1.5 CE

Healthcare Assistants

- Cancer, Palliative and Hospice Care for the Healthcare Assistant (AMCA) – .5 CE
- The Transfer Challenge for Healthcare Assistants (AMCA) – 1 CE
- Understanding Diabetes - for Healthcare Assistants (AMCA) – .5 CE
- What is Palliative Care? (AMCA) – .25 CE
- Why You Need to Recognize Your Value as a CNA

CENTRAL STERILE

RN

- Packaging to Facilitate Sterilization and Sterility Maintenance – 1 CE

CONTINENCE AND INCONTINENCE

RN

- Back to Basics: Tell Me Again Why This Patient Needs A Catheter? – 1 CE
- Developing a Successful Continence Program with a Systems Approach (video) – 1.5 CE
- Looking at Tag F315 – CMS Guidelines for Incontinence and Catheter Care (video) – 1 CE
- Strategies and Interventions for Prevention and Management of Incontinence Associated Dermatitis – 1 CE
- Tell Me Again Why This Resident Needs A Catheter? – 1 CE
- Urinary Incontinence Comprehensive Assessment (video) – 1.5 CE

Healthcare Assistants

- Continence Care and Product Selection for Healthcare Assistants (AMCA) – .5 CE
- Indwelling Urinary Catheters for Healthcare Assistants
- What is Incontinence? (AMCA) – .25 CE

Nursing Home Administrators

- Continence Management for Hospice/Home Care Caregivers for Nursing Home Administrators
- Developing a Successful Continence Program with a Systems Approach for Nursing Home Administrators – .5 CE

DIETARY/NUTRITION

RN

- Nutrition and Lab Values (RN) – 1.5 CE
- G-Tube Care & Maintenance– 1 CE

Dietitians

- Basics of Enteral Nutrition Support (RD/DTR) – 1 CE
- Combatting Malnutrition in Long Term Care (RD/DTR) – 1 CE
- Nutrition and the MDS 3.0 for Positive Outcomes (RD/DTR) – 1 CE
- Nutrition for Wound Management (RD/DTR) – 1 CE
- Nutritional Considerations for the Prevention and Treatment of Clostridium Difficile (RD/DTR) – 1 CE
- Person Centered Dining (RD/DTR) – 1 CE

Healthcare Assistants

- Feeding a Resident for Healthcare Assistants (AMCA) – 1 CE
· Feeding Dementia Patients with Dignity for Healthcare Assistants (AMCA) – 1 CE
· Recognizing and Treating Constipation for HAs (AMCA) – .25 CE

DOCUMENTATION

RN
· A Picture Can Be Worth a Thousand Words – The Use of Photo Documentation in Wound Care – 1 CE
· Apples to Ulcers: Tips for Staging Pressure Ulcers – 1 CE
· Care Planning, Nursing Process & Nursing Assessment – 1 CE
· Checking it Twice: Yes! Checklists Do Save Lives – 1 CE
· CMS HCPCS Guidelines and Reimbursement – 1 CE
· Demystifying the Staging System – 1 CE
· Documentation: The Process and Legal and Administrative Considerations (ANCC) – 1 CE
· Strengthening Handoff Communication – 1 CE
· Understanding Pressure Ulcer Surveys and Data Collection – 1 CE
· Why is Pressure Ulcer Assessment So Important – 1 CE

Healthcare Assistants
· Medication Labeling for Healthcare Assistants (AMCA) – 1 CE

EMERGENCY & TRAUMA

RN
· Emergency Management Planning (ANCC) – 1 CE

F-TAG COMPLIANCE

RN
· Are You Scrambling to Comply with Changes in F309 for Nursing Home Administrators – 1.25 CE
· Bathing with Dignity for Nursing Home Administrators – .5 CE
· QIS: Activities of Daily Living and Range of Motion for Nursing Home Administrators – .5 CE
· QIS: Critical Elements for Activities for Nursing Home Administrators – .5 CE
· QIS: Federal Tag 441 - Infection Prevention and Control (for Administrators) – 1.25 CE
· QIS: Pain Management for Nursing Home Administrators – 2.25 CE
· QIS: The Five Triggered Tasks for Nursing Home Administrators – 2.25 CE
· QIS: The Seven Mandatory Facility Level-Tasks for Nursing Home Administrators – 1.25 CE
· The Role of the CNA in QIS for Nursing Home Administrators – .5 CE

INFECTION PREVENTION

RN
· Back to Basics: A Fresh Look at Asepsis – 1 CE
· Blood Borne Pathogens – 1 CE
· Breaking through Hand Hygiene & Skin Care Barriers (video) – 1 CE
· CAUTI Prevention: Cracking the Case – 1 CE
· Essentials of HIV/AIDS for Healthcare Workers (ANCC) – 2 CE
· FIRMS Education Program - CAUTI in Long Term Care Facilities – 1 CE
· Hand Hygiene Improvement Strategies (video) – 1 CE
· Hand Hygiene Program: Basic Principles
· Hand Hygiene Program: Competency
· Hand Hygiene Program: Five Moments Video
· How Effective Are Your Hand Sanitizing Techniques: New Discoveries and Considerations – 1 CE
· Infection Prevention in Wound Care – 1 CE
· Personal Protective Equipment for Nurses – 1 CE
· Preventing Needlestick Injuries (ANCC) – 1 CE
· Recognizing and Preventing Ventilator Acquired Pneumonia (VAP) (ANCC) – 1 CE
· Surgical Site Infections (SSI) Following Orthopedic Surgery – 1 CE
· Surgical Site Infections Prevention and Public Accountability

Dietitians
· Nutrition's Role in Urinary Tract Infections and Hydration (RD/DTR) – 1 CE

Healthcare Assistants
· 5 Step Approach for Avoiding VAP for Healthcare Assistants
· Beyond the Double Doors for Healthcare Assistants
· Can a Cranberry a Day Keep UTIs Away? for Healthcare Assistants
· Get Set for Winter Illness Season for Healthcare Assistants (AMCA) – .25 CE
· Hand Hygiene and Skin Care for Healthcare Assistants (AMCA) – .25 CE
· Hand Hygiene: Protecting Yourself and Others for Healthcare Assistants (NAHCA) (AMCA) – 1 CE
· Influenza Prevention for Healthcare Assistants (AMCA) – .25 CE
· Personal Protective Equipment for Healthcare Assistants (AMCA) – 1 CE
· The Nursing Assistant: Providing Oral Care – 1 CE
· VAP – Ventilator-Associated Pneumonia for Healthcare Assistants (AMCA) – 1 CE

Nursing Home Administrators
· Breaking Through Hand Hygiene & Skin Care Barriers for Nursing Home – 1.25 CE
· Hand Hygiene Improvement Strategies for Nursing Home Administrators – .5 CE

LEADERSHIP
RNs
· CSSD Promoting Team Work
· Implementing a Culture of Safety in the Operating Room: A Roundtable Discussion on the Lessons Learned from the OR – 1 CE
· Safe Patient Handling for Champions – 1 CE

Nursing Home Administrators
· Spend Management: A Two-pronged Approach for Nursing Home Administrators – .75 CE

LEGAL ASPECTS OF NURSING
RNs
· Advance Directives: Guidelines for Healthcare Providers (ANCC) – 1 CE
· From OR to Courtroom & Legal Issues Related to Pressure Ulcers - 1 CE
· Healthcare Reform for Long-Term Care – 1 CE
· Hospital Readmissions: Facts, Challenges and Real-Life Solutions – 1 CE
· Legal Implications of Pressure Ulcers (video) – 1 CE
· Legal Issues in Wound and Skin Care across the Continuum of Care (video) – 1 CE
· Legal Issues in Wound Care – 1 CE
· Navigating Section H for MDS 3.0 – 1 CE
· Navigating Section M for MDS 3.0 – 1 CE
· Nursing Negligence: Protect Yourself; Protect Your Patients (ANCC) – 2 CE
· Recognizing Domestic Violence (ANCC) – 1 CE
· Sexual Harassment in the Workplace (ANCC) – 2 CE

Healthcare Assistants
· HIPAA: What You Should Know for Healthcare Assistants (NAHCA) (AMCA) – 1 CE
Nursing Home Administrators
- Confidentiality: Who Needs to Know for Nursing Home Administrators – .5 CE
- Legal Implications of Pressure Ulcers for Nursing Home Administrators – .5 CE

MATERIALS MANAGEMENT
- GS1 Standards: Update, Direction and Future
- Implementing Incentive Programs to Drive Behavior and Productivity
- Implementing Process Improvement in your Supply Chain Using LEAN Concepts

OPERATING ROOM
RNs
- 9 on the Line to Improve Patient Safety – 1 CE
- A Comprehensive Review of Electrosurgery and Fire Safety Considerations – 1.5 CE
- Applying Evidence-Based Information to Improve Hand-off Communication in Perioperative Services – 1 CE
- Back to Basics: #2 on the Joint Commission List - Retained Foreign Objects – 1 CE
- Back to Basics: A Fresh Look at Surgical Counts – 1 CE
- Back to Basics: Appropriate Surgical Scrub Attire – 1 CE
- Back to Basics: Perioperative Patient Positioning – 1 CE
- Back to Basics: Safe Medication Practices in Perioperative Practice Setting – 1 CE
- Back to Basics: Surgical Skin Preparation – 1 CE
- Confidence in ETO Sterilization – 1 CE
- Electrocautery Safety and OR Fire Prevention – 1 CE
- Electrosurgery Safety Considerations – 1 CE
- Eliminating Wrong Site Surgery – 1 CE
- Enhancing the Patient Experience – 1 CE
- In the Heat of the Moment - Malignant Hyperthermia Calls for Action – 1 CE
- Patient and Staff Safety in the OR through Communication
- Patient Safety in Ambulatory Surgery Care (ANCC) – 1 CE
- Perioperative Positioning Injuries on the Rise: What to Do! – 1 CE
- Perioperative Pressure Ulcer Prevention – 1 CE
- Preventing Retained Foreign Objects After Surgery – 1 CE
- Prevention of Skin and Deep Tissue Injury in the Perioperative Department – 1 CE
- Protect Yourself! Choosing the Most Effective Surgical Gowns and Drapes – 1 CE
- Speak Your Truth: Create a Safer Patient Environment through Communication and Team Building – 1 CE
- Speak Your Truth II: Understanding Communications in a Culture of Change – 1 CE
- Strategies to Help Prevent Pressure Ulcers in the Perioperative Arena
- Stuck Like Surgical Glue: New Uses and Improved Outcomes – 1 CE
- Targeting Wrong Site Surgery Risks – 1 CE
- Turn Up The Heat - Avoiding Surgical Complications with Adequate Patient Warming – 1 CE
- Understanding Support Surface Terminology – 1 CE
- Will the Real Time Out Champion Please Stand Up – 1 CE
- Wrong Site, Wrong Procedure, Wrong Person Surgery – 1 CE

PAIN MANAGEMENT
RNs
- Acute Pain Management in Children: Operative or Medical Procedures (ANCC) – 2 CE
- Acute Pain Management: Operative or Medical Procedures and Trauma (ANCC) – 2 CE
- Pain Assessment and Management – 1 CE
- Pain Management and Alternatives – 1 CE
- Reducing Total Pain at the End of Life – 1 CE

PEDIATRICS
RNs
- Raising Kids and Healing Wounds– 1 CE
PSYCH/NEURO

Healthcare Assistants
- Alzheimer's Disease and Dementia Overview for Healthcare Assistants (NAHCA) (AMCA) – 1 CE
- Antipsychotic Drug Reduction: The Role of the Nursing Assistant
- Caring for the Cognitively Impaired for Healthcare Assistants (AMCA) – .5 CE
- Knowledge of Dementia Disorders for Healthcare Assistants

QUALITY IMPROVEMENT

RNs
- Honoring Resident Preferences in Long-Term Care – 1 CE
- Packaging to Facilitate Sterilization and Sterility Maintenance – 1 CE
- QAPI: Quality Assurance & Performance Improvement – 1 CE

Healthcare Assistants
- Customer Service in Healthcare for Healthcare Assistants (AMCA) – .5 CE
- Resident Rights: Confidentiality for Healthcare Assistants (AMCA) – 1 CE
- Resident Rights: Privacy for Healthcare Assistants (AMCA) – 1 CE

Nursing Home Administrators
- Honoring Resident Preferences in Long-Term Care for Nursing Home Administrators – .5 CE
- QAPI: Quality Assurance & Performance Improvement for Nursing Home Administrators – 1.25 CE

RESPIRATORY

RNs
- Tracheostomy Tubes Care and Cleaning – 1 CE
- Understanding Ventilator-Associated Events – 1 CE

SAFETY

RNs
- Fall Prevention: Risk Assessment (ANCC) – 0.5 CE
- Falls Prevention Program
- Falls Prevention: Tools and Strategies – 1 CE

SKIN & WOUND CARE

RNs
- 6 Common Bariatric Skin Concerns – 1 CE
- Assessing Community Acquired Pressure Ulcers Among Ethnically Diverse Patients – 1 CE
- Assessment of the Lower Extremity and L.E. Wound – 1 CE
- Bariatric Skin Care – 1 CE
- Collagen Dressings in Chronic Wounds – 1 CE
- Identifying, Assessing and Documenting Types of Wounds – 3 CE
- Lower Extremity Ulcers – 1 CE
- Lower Extremity Wounds: Focus on Peripheral Arterial Disease (PAD) Awareness – 1 CE
- Management and Treatment of the Lower Extremity Wound – 1 CE
- MASDA: Moisture Associated Skin Damage Awareness – 1 CE
- Medical Device-Related Pressure Ulcers – 1 CE
- NE1 Wound Assessment Tool: Course and Competency
- New Opportunities to Improve Pressure Ulcer Prevention and Treatment – 1 CE
- Preventing Pressure Ulcers – 1.5 CE
- Prevention: Treatment to Keep the Skin Healthy – 1 CE
· Skin and Wound Assessment – 1.5 CE
· Skin Changes At Life’s End – 1 CE
· Skin Tears: New Approaches in Prevention (video) – 1 CE
· The Agony of the Feet: Prevention and Management of Diabetic Foot Ulcers – 1 CE
· The Buzz Around Honey – 1 CE
· The Journey to Wound and Skin Care Excellence – 1.5 CE
· Topical Treatment and Interventions – 1 CE
· Treatment Protocols – 1 CE
· Understanding Skin Tears – 1 CE
· Using DIMP and Wound Care Algorithm – 1 CE
· When Healing Is Not the Goal - Palliative Wound Care and SCALE – 1 CE
· Why Wet to Dry? – 1 CE
· Wound Bed Preparation – 1 CE
· Wound Care for Pediatric, Burn, Bariatric and Cancer Patients – 1 CE

Healthcare Assistants
· Diabetic Foot Ulcers for Healthcare Assistants (AMCA) – .25 CE
· Foot, Skin & Wound Care from the Other Side of the Bed Rail for Healthcare Assistants (AMCA) – .25 CE
· Hospice is More Than a Philosophy of Care for Healthcare Assistants (AMCA) – .25 CE
· Palliative Care for Healthcare Assistants (AMCA) – .25 CE
· Palliative Wound Care for Healthcare Assistants (AMCA) – .25 CE
· Protecting Vulnerable Heels for Healthcare Assistants (AMCA) – .25 CE
· Save Those Heels! Effective Techniques to Help Avoid Heel Pressure Ulcers for Healthcare Assistants – 1 CE
· Skin Care for Healthcare Assistants (AMCA) – .25 CE
· Understanding Skin Tears for Healthcare Assistants (AMCA) – .25 CE

Nursing Home Administrators
· Preventing Pressure Ulcers for Nursing Home Administrators – .75 CE

SUSTAINABILITY
RNs
· Green Cleaning and Healthcare
· greensmart Course One: Introduction to Sustainability in Healthcare

TEAMWORK
RNs
· Creating a “Care Force” in Long Term Care – 1 CE

Nursing Home Administrators
· Creating a “Care Force” in Long Term Care for Nursing Home Administrators– 1.25 CE
